

Website Credibility Checklist

Name of Web Source and URL:

Look at the criteria below and mark X in the "Yes" or "No" column for each Web Source.

Web Evaluation Checklist

Authority-	Yes	No
Is it clear who wrote the content?		
Does the author have good credentials/reputation?		
Is there contact information?		
Accuracy-		
Was correct spelling, grammar, and sentence structure used?		
Does the author list sources used to write information? (citations?)		
Objectivity-		
Are there advertisements?		
Currency-		
Can you find a date that shows when the content was created?		
Can you find a date to show when content was last updated?		
Do all of the links work?		
Coverage-		
Can you find the information you were looking for?		
Do the links on the page lead to other good sources of information?		
Is the subject discussed in depth?		

After reviewing your checklist, decide if the website is credible and can be used for your research project.
